

Magnet Cove School District LED Lighting Upgrade

All LED Lighting for Magnet Cove

In 2018, Magnet Cove School District choose Excel Energy Group as the lighting contractor to update their existing lighting system with new LED technology. The projects involved replacing or upgrading over 2,100 total fixtures and sensors, reducing those facilities' lighting and maintenance costs by over **65%**—an

annual savings of over **\$44,000**.

Excel Energy Group assisted the District in obtaining project incentive money through Entergy which helped pay for the project. The incentive money allowed for easy, affordable financing of the project.

Magnet Cove School District had mostly existing T8 fluorescent lighting. With over 1,200 fixtures being T8, Excel was still able to save the District an additional \$44,000 annually by switching all of the lighting to LED technology.

The lighting project chosen by Magnet Cove Schools was a Premium Design, which means it includes cosmetic upgrades in addition to energy efficiency.

added a cleaner look to the classrooms and offices where they were installed.

Areas were noted during the audit as fixtures that could use to be replaced. Some of these fixtures were replaced with similar items that kept the same look. Other areas had surface mounted fixtures that were in a recessed ceiling. Per the design of Excel, these fixtures were replaced with recessed troffers that

Excel Energy Group not only provides retrofit and replacement of interior lighting but exterior lighting as well. Fixtures like wall packs, canopies and flood lights are replaced with LED lighting. Also less common items like pole lighting and flag pole floods can be replaced with LED lighting.
